Forecast For London & Southeast England
Issued by Met Office Exeter
at 0400 on Sunday 09 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Intermittent rain in west dying out. Warm sunny spells developing.

Today:
A mostly cloudy start with intermittent, morning rain in west dying out. Turning brighter with some sunny spells and feeling pleasantly warm by afternoon sunshine. Showers are possible, these mainly later in east and some heavy with chance of thunder. Maximum temperature 20 deg C (68 deg F).

Tonight:
A mainly dry night with clear spells, but isolated showers are possible. Thundery rain or showers will affect far eastern parts, mainly Kent for a time. Breezy near the coast. Minimum temperature 8 deg C (46 deg F).

Monday:
After a bright and mainly dry start showers developing in places by the afternoon possibly rather heavy. Breezy during afternoon. Turning dry in evening. Maximum temperature 17 deg C (63 deg F).

Outlook for Tuesday to Thursday:
Often sunny with scattered showers developing each day, these sometimes heavy and perhaps thundery. Mainly dry by night. Feeling pleasant in sunnier weather, but with cool nights.
